## WEBSITES

### **Connecticut Invasive Plant Working Group (CIPWG)**

[www.cipwg.uconn.edu](http://www.cipwg.uconn.edu)

A clearinghouse of information relating to Connecticut's invasive plants. The website contains news and events, fact sheets and other publications, including an invasive plant management guide for common invasive plants. CIPWG also maintains an active listserv to distribute news and information. Contact Donna Ellis (860-486-6448; [donna.ellis@uconn.edu](mailto:donna.ellis@uconn.edu)) for more information or to join the listserv.

### **Early Detection and Distribution Mapping System (EDDMapS)**

[www.eddmaps.org](http://www.eddmaps.org)

Free public online invasive species reporting system. Upload photos and reports of invasive species to a publicly accessible database, find information about invasive species, and view distribution maps of species spread.

### **Invasive.org: Invasive and Exotic Species of North America**

[www.invasive.org](http://www.invasive.org)

Comprehensive, all-taxa website for photos of invasive plants, insects, other animals, and pathogens. Provides many links for invasive plant information, including links to mapping resources, publications, videos, and control options for invasive species.

### **Invasive Plant Atlas of New England (IPANE)**

[www.eddmaps.org/ipane](http://www.eddmaps.org/ipane)

Web-based atlas of invasive plant distributions in New England. Also includes digital images and detailed descriptions of all of New England's listed invasive species. Field data collected and submitted by trained volunteers documents the spread of invasive plants throughout New England.

### **Invasipedia**

[wiki.bugwood.org/invasipedia](http://wiki.bugwood.org/invasipedia)

Provides detailed information on several of Connecticut's invasive species, with an emphasis on control methods.

### **National Invasive Species Council**

[www.invasivespecies.gov](http://www.invasivespecies.gov)

Information about the programs, guidelines and management plans developed by the National Invasive Species Council.

### **United States Department of Agriculture (USDA) PLANTS Database**

[www.plants.usda.gov](http://www.plants.usda.gov)

Database of both non-native and native plants provides standardized information and nomenclature across species.

### **USDA Natural Resources Conservation Service (NRCS) Plant Materials Program**

<http://www.nrcs.usda.gov/wps/portal/nrcs/detail/plantmaterials/technical/publications/?cid=stelprdb1042978>

USDA-NRCS webpage with links to a number of publications about invasive plants, including fact sheet, guides, and other technical materials.

## **Protect Your Waters and Stop Aquatic Hitchhikers!**

[www.protectyourwaters.net](http://www.protectyourwaters.net)

This website offers information regarding the spread of aquatic invasive species, including impacts and prevention.

## **Clean, Inspect, Dry**

[www.cleaninspectdry.com/default.asp](http://www.cleaninspectdry.com/default.asp)

This website offers information on preventing the spread of invasive species by using the proper techniques to clean, inspect and dry aquatic equipment.
